No barrier: parent and first child margins collapse (40px)

child

Parent overflow: hidden (20px + 40px)

child

Parent display: flow-root

child

Parent display: inline-block

child

Parent with explicit height 40px, child bottom margin 30px (does not collapse through the parent)

child

next sibling

Parent with min-height 40px, child bottom margin 30px

child

next sibling

Float between block spans: the float's margin never collapses

first

float

cleared second
